updated to incorporate recent scholarship on the subject this new edition of hugh cunningham s classic text investigates the relationship between ideas about childhood and the actual experience of being a child and assesses how it has changed over the span of 500 years through his engaging

narrative hugh cunningham tells the story of the development of ideas from the renaissance to the present revealing considerable differences in the way western societies have understood and valued childhood over time his survey of parent child relationships uncovers evidence of parental love care and in the frequent cases of child death grief throughout the period concluding that there was as much continuity as change in the actual relations of children and adults across these five centuries since the book s first publication in 1995 the volume of historical research on children and childhood has escalated hugely and is testimony to the level of concern provoked by the dominance of the negative narrative that originated in the 1970s and 1980s a new epilogue revisits the volume from today s perspective analysing why this negative narrative established dominance in western society and considering how it has affected historical writing about children and childhood enabling the reader to put both this volume and recent debates into context supported by an updated historiographical discussion and expanded bibliography children and childhood in western society since 1500 remains an essential resource for students of the history of childhood the history of the family social history and gender history

this book investigates the relationship between ideas about childhood and the actual experience of being a child and assesses how it has changed over the span of five hundred years hugh cunningham tells an engaging story of the development of ideas about childhood from the renaissance to the present taking in locke rosseau wordsworth and freud revealing considerable differences in the way western societites have understood and valued childhood over time his survey of parent child relationships uncovers evidence of parental love care and in the frequent cases of child death grief throughout the period concluding that there was as much continuity as change in the actual relations of children and adults across these five centuries for undergraduate courses in history of the family european social history history of children and gender history

a history of western society continues to capture the attention of ap european history students because it recreates the lives of ordinary people and makes history memorable brought to you by the highly regarded editors at bedford st martins every element of the text has been rethought reconsidered and revised to bring the original vision to a new generation of students the tenth edition continues to tie social history to the broad sweep of politics and culture heightening its attention to daily life and strengthening the treatment of european exploration with a dynamic new design new special features on visual evidence and a robust companion reader a history of western society helps ap students master the concepts and content of european history

after an extensive introduction that takes stock of the relevant research literature on old age in the middle ages and the early modern age the contributors discuss the phenomenon of old age in many different fields of late antique medieval and early modern literature history and art history both beowulf and the hildebrandslied both wolfram von eschenbach s parzival and titurel both the figure of merlin and the trans european tradition of perceval peredur parzival then the figure of the vetula in a variety of medieval french english and spanish texts and of the old man in the

stricker's daniel both the treatment of old age in langland's piers the plowman and in jean gerson's sermons are dealt with other aspects involve late antique epistolary literature early modern french farce in light of disability studies the social role of old impotent men in sixteenth and seventeenth century netherlandish paintings and the scientific discourse of old age and health since the 1500s the discourse of old age proves to have been of central importance throughout the ages so the critical examination of the issues involved sheds intriguing light on the cultural history from late antiquity to the seventeenth century

from the earliest interactions of christians with the roman empire to today's debates about the separation of church and state the christian churches have been in complex relationships with various economic and political systems for centuries renowned theologian rosemary radford ruether analyzes the ways the christian church has historically interacted with powerful systems such as patriarchy racism slavery and environmentalism while looking critically at how the church shapes these systems today with a focus on the united states christianity and social systems provides an introductory analysis of the interactions between the churches and major systems that have shaped western christian and post christian society ruether discusses ideologies such as liberalism and socialism and includes three country case studies nicaragua south africa and north and south korea to further illustrate the profound influences christianity and social systems have with each other this book is neither an attack on the relationship between christianity and these systems nor an apology but rather a nuanced examination of the interactions between them by understanding how these interactions have shaped history we can more fully understand how to make ethical decisions about the role of christianity in some of today's most pressing social issues from economic and class disparities to the environmental crisis

english society 1580-1680 paints a fascinating picture of society and rural change in the late sixteenth and early seventeenth centuries keith wrightson discusses both the enduring characteristics of society as well as the course of social change and emphasizes the wide variation in experience between different social groups and local communities this is an excellent interpretation of english society its continuity and its change

even in the sixteenth and seventeenth centuries it was conventional for humanist writers and their enlightenment successors to regard the nobility which dominated early modern scottish society and politics as violent unlearned and backward at best conservatively bound to feudal codes of behaviour at worst brutal corrupt and anarchic it is a view that prevails still keith brown takes issue with this the author draws on extensive research in the rich archives of the scottish noble houses to demonstrate that the conventional view of the scottish nobility is wrong he shows that the nobility were as steeped in contemporary european debates and movements as they were rooted in local society far from holding back scotland's economic and cultural development they embraced economic change seized financial opportunities led the way in the pursuit of renaissance ideals through their own learning and in the education of their children and were partners in religious reform professor brown makes extensive comparisons with the noble societies elsewhere in europe to reveal how the differences and above all the similarities between the lives of scottish

nobles and their peers abroad elegantly written and illustrated with a wealth of contemporary incident and anecdote the book presents an intimate and vivid picture of noble life in scotland it challenges and will change perceptions of early modern scotland noble society in scotland is the first of two related books on the subject the second on noble power and the relations between the nobility state and monarchy will be published by eup in 2003

yallop looks at how people in eighteenth century england understood and dealt with growing older though no word for aging existed at this time a person s age was a significant aspect of their identity
